3M ID: XA007707947 X4A 3M PELTOR HEADBAND EARMUFF

3M ID: UU008197848 X4B EARMUFFS, NECKBAND

3M ID UU010818886 X4P3G/E 3M PELTOR CAP ATTACHED EARMUFFS

3M ID AT010613571 X4P5E/G 3M PELTOR HELMET ATT EARMUFFS

Dates Manufactured: March 2020 – September 2022

Why the product is recalled: Affected earmuffs may crack on the exterior surface of the cups and reduce the hearing protection effectiveness.

Hazard: There is a risk of over-exposure to noise and possible hearing damage depending on the environment the earmuffs are used in.

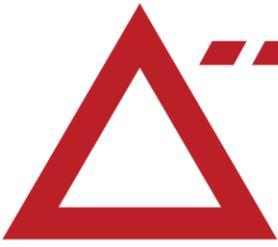

Step 1: Determine if your earmuff model ID is affected, locate the Model ID printed on the outside of the cup (see image above). Compare the Model ID on the cup to the product list (above). If the Model ID matches any in the list, continue to Step 2. If they do not match any in the table continue to use your product, they are not affected.

Step 2: Locate the manufacturing (mfg) date (MM/YYYY) printed on the outside of the cup (see Figure above). If the earmuff manufacture date is on or between 03/2020 and 09/2022, continue to Step 3.

Step 3: Contact your local 3M distributor/retailer to coordinate the return of your affected product(s) for replacement product (if available), alternative product or credit.
