Stop Use & Product Recall

IMMEDIATE ACTION REQUIRED

3M™ PROTECTA® Cobra Rope Grab AC202D

3M Fall Protection has determined that the 3M™ PROTECTA® Cobra Mobile/Manual Rope Grab AC202D is incorrectly stamped for use with 1/2 to 3/4 inch diameter rope on the exterior body of the unit. This Cobra Rope Grab is certified for use **ONLY** with 5/8 inch diameter polyester or polypropylene rope. All marketing information and the Instructions for Use (IFU) for this rope grab correctly identify the size of rope to be used as 5/8 inch polyester/polypropylene rope.

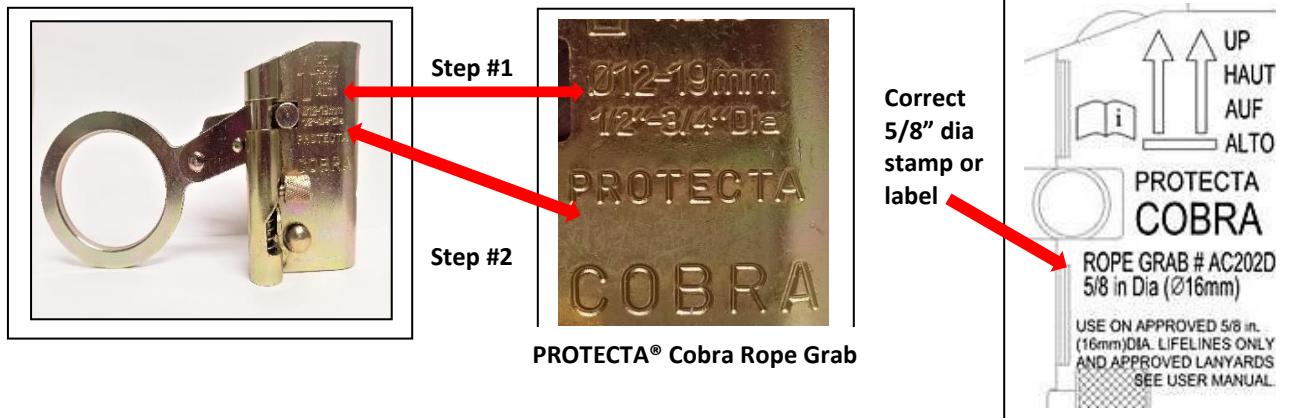

In the event of a fall from height, a Cobra Rope Grab used with 1/2 inch diameter rope may not arrest the fall and could result in serious injury or death to the worker. To remedy this situation, 3M is launching a Stop Use & Product Recall to replace all AC202D and related Cobra Rope Grabs that are stamped 1/2"—3/4" Dia.

Users/Owners: Immediately stop using and inspect your Cobra Rope Grab as described below:

Step 1: Verify the rope diameter is stamped **1/2"—3/4" Dia** on the front side of the unit

Step 2: Verify the rope grab is stamped **PROTECTA COBRA** on the front side of the unit

Note: If the unit is stamped 5/8 inch diameter **OR** if the unit has a white label showing 5/8 inch diameter, then the unit is safe to return to normal use (see image on right for correct 5/8" diameter marking).

If the information in Step 1 and Step 2 is stamped onto the side of the rope grab as illustrated above, remove the unit from service immediately. Owners of AC202D Cobra Rope Grabs can choose one of the following options for each affected rope grab they own:

1. A free, new, properly marked replacement AC202D Cobra Rope Grab; or
2. A full credit.

To arrange for the return and replacement of your rope grab at 3M's expense, or for a full credit, please contact 3M Customer Service at [1800 245 002](tel:1800245002) or at anzfallprotectionquality@mmm.com.

Distributors: Please contact our Customer Service department at [1800 245 002](tel:1800245002) or at anzfallprotectionquality@mmm.com to obtain a listing of all Cobra Rope Grab AC202D's sold to you. The affected part numbers are as follows: AC202D. If you have any of the affected Cobra Rope Grabs in stock, you should return them to 3M Fall Protection for credit or replacement at 3M's expense.

Please immediately forward this Recall Notice to any of your customers/users who have purchased affected product from you with a request that they read and comply with this Recall Notice.
